VARLEY RED TOP™

Battery Mounting Bracket

The new Varley Red Top battery bracket combines strong and lightweight aluminium with polyethylene foam padding to protect your battery from damage caused by excessive shock and vibration. Available in three different sizes, to suit the popular Varley Red Top 15, Varley Red Top 30 and Varley Red Top 40 batteries, the brackets offer a weight efficient, robust solution to securing and protecting a battery for racing.

	Mounting Bracket for Red Top 15	Mounting Bracket for Red Top 30	Mounting Bracket for Red Top 40
Product Code	7300-0012	7300-0013	7300-0014
Internal Dims (L x H x D)	214 x 151 x 96 (mm)	264 x 167 x 116 (mm)	264 x 219 x 116 (mm)
External Dims (L x H x D)	259 x 155 x 98 (mm)	309 x 171 x 118 (mm)	309 x 224 x 118 (mm)
Grade of Aluminium	5251 – Good strength and high corrosion resistance		

Features of the Varley Battery Mounting Bracket

- Unlike some other battery brackets on the market, the Varley Red Top bracket incorporates 10mm closed cell polyethylene foam padding to protect the battery from both excessive shock and vibration emanating from the engine, gearbox and track/road surface.
- Slotted fixing points allow for easier fitting in tight and awkward places, permitting the simple loosening of some fastenings when removing or replacing the battery and/or mounting bracket.
- Designed to be fitted in restricted spaces with fixing holes/slots – to suit M6 fastenings - to the sides and base.
