

Racing Battery Chargers

Our Racing Battery Chargers have been developed alongside the Varley Red Top range of motorsport batteries. These chargers are equally suitable for charging other sealed lead acid AGM batteries with capacities up to 60Ah. The 8A charger has a wide input voltage catering for 110V - 230V supplies and has a durable metal casing.

Benefits of the range include:

12V 8A Charger

- 3-Stage Charger
- Increases Battery Service Life
- Fast Recharge
- Wide Input Voltage (Worldwide usage)
- Easily Replaceable Output Fuse
- Durable metal casing

12V 2.7A Charger

- 3-Stage Charger
- Increases Battery Service Life
- Fast Recharge
- Plug in unit
